

Make-Up Policy

Our pricing reflects the fact that most swimmers will only make 80% of their classes due to illness, recitals and vacations; therefore, no make-ups will be scheduled. If your child is in Aquababies or FunDay and their skills regress, additional lessons will be scheduled to regain their skills at no additional cost.

Reservations are not accepted for make-ups. You are welcome to “stand by” for a class that has less than four students. If more students show for make-ups than there is space available, each make-up student will swim half the class. Please check in with the instructor upon arrival to confirm that there is space in the class.

Please check the schedule online the day you wish to attend to determine if an opening exists for your child’s age and ability.

The schedule changes on a regular basis, as new students complete private lessons and move into group classes.

If a class appears full but one of the names is listed in red, please contact Judy as there may be room for a make-up.

Thank you for your understanding.
